**I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.**

COMMENTS: I'm tired of the FDA and the big pharmaceutical companies sticking their noses in my business because their greediness and want to push the "little guy" who's doing good out. Madison Pharmacy makes the best natural progesterone. Other pharmacies products are not as pure or are synthetic. Synthetics make a women's problematic symptoms worse instead of better.

I need my natural progesterone for my serious PMS symptoms. A year ago my depression was so ~~severe~~ severe I wished I was dead and my anxiety was acute.

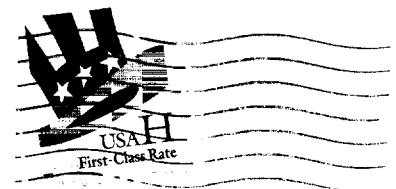

Natural Progesterone was the key in returning balance to my life.
